collision with an auto frightened the
horse, and hitting the elm tree in front
of Fletcher's the carriage was overturn-
ed. In some way the horse's ankle be-
came injured, but it is thought that he
will get over it all right. The horse is
considered perfectly safe and afraid of
nothing. He is a great favorite with the
family and was raised from a colt by
himself. He only went a short distance
down street after clearing himself and
then returned of his own accord to see
what was wrong.It is a pretty sight to see the "cave
swallows" on the ground in the street
after the sprinkler goes by, gathering up
the mud to use in their building oper-

Hosiery to Begin Operations
Monday.The repairs at the T. C. Hinton Knit-
ting Factory on Marston street have been
completed, the machinery put in place
on Monday, June 22d, will begin the
manufacture of hose.The building has been nicely repaired
and the interior of the first floor sheath-
ed and the overhead whitewashed. The
first floor is the knitting room and is to
be in charge of John H. Desmond of
Lowell, Mass. Mr. Desmond came here
this week. In this room are 24 knitting
machines, 4 sewing machines and 2 wind-
ers. 16 of these knitting machines are
the George D. Mayo invention of La-
conia, N. H., and 8 are the Wildman
ribbers. There are also 4 German and 2
American machines for finishing the toes
of the stockings.The capacity of the factory is 140
dozen pair per day when running at full
speed. The sizes to be made are 5 to
9½. The shop is equipped to make
boys' and ladies' hose.The second floor is used for the finish-
ing and shipping room and at the top of
the staircase is the office.The building is equipped with a steam
plant to heat the building and run the
machinery in the winter, and electricity
for summer use.Later on the rear part of the building
is to be used for a dye room.

Mrs. Bertha Pendexter-Eldridge Recital.

Mrs. Bertha Pendexter-Eldridge of
Rochester, N. Y., will be heard at Grange
Hall, Friday evening, in a recital con-
sisting of dramatic and humorous num-
bers. The program will also include
musical numbers by Marion Haskell,
violin, and Ruth Cummings, piano.When Mrs. Eldridge informed her
brother, Hugh Pendexter, she was to
visit Maine in response to a call from
the M. C. A. Alumni Association at Pitts-
field, he learned she had a date open and
promptly arranged for her to read here.
On Saturday she leaves to fill an engage-
ment at Sanford and then returns to
New York to fill professional engage-
ments there. Some twenty years ago
Mrs. Eldridge, then Miss Pendexter,
spent the summer in Norway and has
many old friends here.

Veranda Club Notes.

The Veranda Club was entertained at
the home of Clara L. Jordan, Main street,
on Thursday afternoon, June 11. A
good attendance was noted. One mem-
ber was added to the membership list at
this meeting, Mrs. Hester Walker. A
very social afternoon was enjoyed, sew-
ing and fancy work being taken up by
the members. Miss Jordan entertained
her friends by rendering selections on
the phonograph, which added much to
the afternoon session.The next Veranda Club meeting will
be with Mrs. Jennie Richardson on
Thursday evening, June 25th.The next Veranda Club meeting will
be postponed until Saturday evening,
July 11th. This party will be enter-
tained at the home of Mrs. Jennie
Spring on Danforth street. All members
here are reminded that those who en-
tertain wish all members to be present.Carroll Bartlett was the week-end guest

spending a week with his parents, Mr.
and Mrs. Walter Chandler, returned to
Bethel and took up his duties at the post-
office, Monday morning.Norway Grange conferred the third
and fourth degrees and served a harvest
dinner Saturday.Annie Whitehouse, a student at Bliss
Business College, is the new bookkeeper
at the Norway Lake Supply Company.The Norway friends of Charles S.
Hobbs of Fresno, California, have re-
ceived announcements of the graduation
of 14 class, Fresno High School, of
which he is a member.The motor boats, "Portland" and
"Hartford Girl," will begin their trips
on Lake Pennessewassee, Norway, Satur-
day, June 20th. For time table see in
this paper.The swans and ducks on Penness-
ewassee river, that runs through Norway
village, are a pretty sight.The platform in front of Frank H.
Richardson's barber shop has been re-
laid this week.One of the new and valuable span of
work horses of C. B. Cummings & Sons
was taken very sick Saturday night.

pecially in chronic diseases. He has re-
cently given up riding nights.Alex MacLean, who has been at his
cottage for a few weeks, returned to
Hawks Park, Fla., Wednesday, to bring
his wife here for the summer. Mrs. Mac
Lean was ill at the time Mr. MacLean
came north and since the hot weather her
health has not improved.

Co. D. Notes.

There will be no maneuvers held this
year in any part of the U. S. The un-
certainty of the Mexico situation is re-
sponsible for this.The Second Regiment Infantry will go
into camp at Augusta, Maine, August
3d to 12th inclusive. One company of
the 5th U. S. Infantry from Plattsburg
Barracks, N. Y., will be present during
the encampment. Colonel Charles G.
Morton Com'd'y, the 5th U. S. Infantry,
will command the camp. Colonel Mur-
phy is well known to the Maine Guard,
as he was the Lieutenant Colonel of the
Second Maine Regiment during the Span-
ish American war, and commanded the
Regiment from June 4 to July 1, 1898.The Regiment will go out for a three
days "hike," sometime during the en-
campment. It is planned to "hike" out
for about six or seven miles the first day
and make a march, the second day will be
devoted to maneuvers, and the return to
the Augusta camp made on the third day.
The troops will be accompanied by the
full wagon train, consisting of the 22
four horse wagons and ambulance.The whole of one afternoon during the
encampment will be devoted to athletics,
the Regiment of Council voted to ap-
propriate \$150.00 of its funds for the pur-
pose of awarding suitable prizes for the
different events. In addition a large
number of cups will be presented for
competition. Ball games will be held
every afternoon excepting on the three
days' hike.The new 45 Cal. Colt automatic pistols
have arrived and will be issued at once,
the 45 automatic replace the old 38 Cal.
revolvers.The new infantry equipment will be
issued sometime this coming autumn, re-
placing the blanket rolls, for field ser-
vice. The blanket rolls have been in use
for a great many years. The new equip-
ment is so made up as to be carried
wholly on the back, nothing being over
the chest. The blanket is also carried
on the back, the handle protruding near
the neck.The following attended the Officers'

Decide Yourself

The Opportunity is Here, Backed by Norway Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Read Norway endorsement. Read the statements of Norway citizens.

And decide for yourself. Here is one case of it.

"I had been annoyed by backache and kidney trouble for a long time," says Mrs. Joseph A. Woods, of Summer St., Norway. "I tried many remedies, but got no relief until I began using Doan's Kidney Pills. Two boxes helped me in every way. I also wish to say that Doan's Kidney Pills cured my little son of kidney weakness and improved his health. You may continue publishing the statement I gave in praise of Doan's Kidney Pills some years ago."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Woods had. Foster-Milburn Co., Props., Buffalo, N. Y. 24-25

Our Life's Work.

But mortals are dreaming while plodding Too much of that heavenly climate; They'd better be singing this practical song—

To God, to yourself, to your fellows be just; To the winds toss your creed and your sect; And leaving this world with a confident trust

To the chances that follow the next. The sorrows of yesterday are left in the past; For they are a useless burden today; Burden no trouble for tomorrow's day.

We know not what's coming that way. Today is ours, let us do all the good we can To improve over the day that is past— Encourage the fallen and the poor struggling man.

That are called by so many the outcast. Then leave off this dreaming while plodding along, Of things we do not understand; Take hold of life's work with a will and be sure. Leave this crowd to the other small man. West Paris. JONO.

Deafness Cannot Be Cured in local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it swells and shuts off the passage, and when it is entirely closed, deafness is the result, and unless the inflammation can be got out of the system, the hearing will never be restored. Deafness is often caused by catarrh of the Eustachian Tube, which is not cured by local applications, but by taking Dr. Williams' Pink Pills for Pale People, which cures the catarrh and restores the hearing.

We will give one hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circular free. C. I. HENNEY & Co., Toledo, Ohio.

Dear Editor and Boys and Girls:—I will write about my eighteen chickens. First I will tell their names: Grace, Minnie, Ellen, Ida, Methel, Blacky, Brownie, Spotty, Besie, Eva, Louisa, Blanche, Beauty, Rose, Jennie, Ruth, Frank and Ned. They are very cunning. Most of them are white.

Now I will write about my dog. She is a white dog. Who has lost a dog? We go out in the woods and get flowers. Now I will write about graduation exercises. We had a nice time. They had speaking and music and had prayers.

I will send my school recitation:— "Cover them over with beautiful flowers; Deck them with garlands those brothers of ours. Lying so silent by night and by day, Sleeping the years of their manhood away. Years they had marked for the joys of the brave; Years they must waste in the sloth of the grave.

The Grand Trunk railway has a crew of men engaged in stringing wires from Montreal to Portland and from Richmond to Point Levi and intends to do the train despatching between these points by telephone. Telephone despatching has been tried with entire satisfaction on some sections of the road and there is every reason to suppose that it will be as successful on the three eastern districts as elsewhere.

SLEEP DISTURBING BLADDER WEAKNESS BACKACHE-RHEUMATISM, QUICKLY VANISH

Even Most Chronic Sufferers Find Relief After A Few Doses Are Taken

Backache, urinary disorders, and rheumatism, are caused from weak, inactive kidneys, which fail to filter out the impurities and keep the blood pure, and the only way on earth to permanently and positively cure such troubles, is to remove the cause.

The new discovery, Croxone, cures such conditions because it reaches the very roots of the disease. It soaks right into the stopped up, inactive kidneys, through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and cause rheumatism; it neutralizes the urine so it no longer irritates the tender membranes of the bladder, and cleans out and strengthens the hoary old ureters, how long you have stumped up, lifeless kidneys so they filter and sift all the poisons from the blood, and drive it out of the system.

So sure, so positive, so quick and lasting, are the results obtained from the use of Croxone, that three doses a day for a few days are often all that is required to cure the worst case of backache, regulate the most annoying bladder disorders, and overcome the numerous other similar conditions.

It is the most wonderful preparation ever made for the purpose. It is entirely different from all other remedies. There is nothing else on earth to compare with it. It is so prepared that it is practically impossible to take it into the human system without results.

You can obtain an original package of Croxone at trifling cost from any first-class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give desired results, regardless of how old you are, how long you have suffered, or what else has failed to cure you.

Paint Put-on.

Think of paint put-on and not by the gallon.
A gallon of paint in the can is of no account to anybody. Put it on. Now reckon its cost and value.

The secret is: one paint goes twice as far as another. A good one goes twice as far as a bad one.

You have a job, say an average job. It'll take 10 gallons Dove and 12 or 15 or 15 or 20 of middling poor very-poor and trash. You know painter's wages in your town. Put the price of a gallon of paint and the painter's day-wage together. You can, we can't.

Devote costs less than any inferior paint; there are hundreds of them.

One paint is as good as another, so long as it lasts good; one lasts months and another years; and the one that goes furthest lasts longest

This Kidney Remedy A Great Pealer

For a number of years I was troubled with my kidneys, condition so serious that part of the time I was unable to work. Tried several remedies, also different physicians without relief. A sample of Dr. Kilmer's Swamp-Root was left at my house. I commenced to take it and continued it until I had taken several bottles and am now cured. Am sixty-two years of age and able to work every day. I attribute my cure to the use of your Swamp-Root.
My wife was also cured by Dr. Kilmer's Swamp-Root. Symptoms were very serious, including hemorrhages, great pain and distress. I commenced giving her Swamp-Root and it was just as healing in her case. We can heartily recommend your Swamp-Root to all kidney sufferers.

Very truly yours,

60th Wedding Anniversary.

Attended by a score or more of their immediate relatives and friends, Mr. and Mrs. Levi F. Harmon, pleasantly observed the 60th anniversary of their wedding, Wednesday evening, in their home at 6 Lincoln street. Mr. and Mrs. Harmon have been residents of Lynn for the past six years. They are the oldest members of four generations in the Harmon family.

Both Mr. and Mrs. Harmon are natives of the Pine Tree State. They were married June 3, 1854, and as life partners they have lived happily together. Mrs. Harmon, whose maiden name was Lydia Haskell, was born in Otisfield, on November 3, 1833, the daughter of Simon and Polly S. Haskell. Her husband was born in Harrison, December 10, 1831, the son of Walter P. and Hannah Harmon.

They have known each other practically all of their lives. For 30 years, Mr. Harmon was connected with the Eastern Wire Co. of Harrison, and 20 years with the Burnham & Morrill Packing Co. Present for the occasion were their four daughters, Frances and Augusta Harmon, of Lynn, and Mrs. Ada Howard of Woburn, and Mrs. Jennie Needham of Mechanic Falls. The remainder of the party were mostly members of the third and fourth generations.

The evening was spent in a social manner, entertainment being furnished by several of the party with piano and vocal selections. Mr. and Mrs. Harmon received their friends in the parlor of their home, and they were the recipients of many souvenir post cards and floral tributes. A large wedding cake received from Mrs. Ray Needham, of Mechanic Falls, was among the gifts and this bore 60 candles, representing each year of their wedded life. As these candles were lighted for the occasion a poem for the occasion by Leon A. Wardwell of Bath was read by Mrs. Jennie Needham. Refreshments were served during the evening. Mr. Harmon is 82, and Mrs. Harmon, 80 years of age.

Sixty years ago today, June 3, 1854, Maine is noted for fair daughters. Just as proud of sturdy sons, is wonder that she lacks not of them. When such hearts are joined as one! All New England is indebted To this staunch and sturdy stock, And must be grateful to the Maker, For the land at Plymouth Rock.

Sixty years ago, our dear ones, Whom we honor and adore, Snatched a home out of the forest, Near Long Lake, upon the shore. Here they labored, here they toiled, With their trust in God on High, With the motto, "Ever onward, Never fear to do or die."

To this home there came four daughters, All of whom are gathered here, To honor and to cherish This anniversary year.

Sixty years of married life, Full of care, but free from strife, Our lot may oft seem hard to some, But it's part of the Great Creator's plan. Nothing useless is or low, Each thing in its place, best, And what seems but idle show, Strengthens and supports the rest. As this family grew, the nation grew, Science has kept its pace, And other homes were built nigh, Making a beautiful village place. Within these sixty years, Invention has followed invention, The automobile, the aeroplane, And others beyond our mention. As the children grew to age, They went out, if you please, From this home to other homes, On new and untried seas. Our dear ones still kept bravely on, With mind and heart and soul, Looking upward, pressing onward, Toward the final goal. Oh how blessed this occasion, In honor of sixty years, Filled with everlasting joy, Making a beautiful village place. And when the Father calls us home, Where care shall be no more, May these two hearts still beat as one, Beyond the Golden shore.

RUMFORD.
Mrs. T. L. Barker and two children have visited her sister, Mrs. C. Warren Barker, who lives in North Leeds.

Lena Farum of Livermore Falls has visited her parents.

Mrs. W. H. Tinker of Wayne has visited friends in town.

Mr. and Mrs. Walter Rolfe and child from New York are to spend the summer in town.

Walter Wyman of North Abington, Mass., has been visiting his sister, Mrs. Harris Elliott.

Col. George D. Bisbee and son Stanley were at their cottage at Mooselucum-gruntie.

T. L. Barker was in Lewiston recently, the guest of his parents, Mr. and Mrs. Charles V. Barker.

Mrs. W. R. Henry has been visiting Mrs. Asa Ellingwood in Helton.

The Ladies' Bible class of the Methodist church enjoyed a picnic Saturday at F. F. Bartlett's farm in Rumford Center.

Orchard Meeting.
The orchard meeting held by the University of Maine under G. A. Yeaton's direction with R. E. McAllister, Canton Point, was one of the most successful in point of interest which has been held in Oxford Co. this season.

There were 84 present and from the questions which were brought out and thoroughly discussed, shows that the orchardists of the county are alive to the possibilities, and are making rapid strides in developing the modern methods of caring for their trees by more judicious pruning, spraying and fertilizing.

The subject of buying all of the farm supplies cooperatively was taken up, but on account of the lack of time was not thoroughly discussed; but a hint of the saving which might be had was shown by sighting a few instances. The interest that was manifested by the farmers, leaving their work, which is so rushing at this season, shows that the work which is being done by the extension department of the University of Maine is appreciated by them.

SOUTH OTISFIELD.
Irving Pickett and A. S. Ames went to Quarterly meeting, Sunday.

Howard Ames is working for George J. Jilson.

Mr. Schatzel, wife and son, have returned to their camp, K. Y. Waasa. Mrs. Ernest Winslow has been taken to the C. M. G. hospital. Friday she was operated upon for appendicitis.

EAST STONEHAM.

A Pleasant Fishing Trip.
Thursday, a party of eight went by auto to Newry and Grafton on a fishing trip and picnic. They found plenty of fish and had a very pleasant ride. The country was beautiful, the roads fine, and the people kind. They went to Cambridge river and Cedar river. The party included Mr. and Mrs. Frank McAllister, Mr. and Mrs. F. H. Bartlett, Mr. and Mrs. W. D. McAllister, Mr. and Mrs. Raymond McAllister.

Sophia McAllister is visiting her daughter, Mrs. S. W. Johnson. Victor Mason of Auburn and son Harold have been guests at Frank McAllister's the past week. Mabel Barker caught a salmon trout that measured 18 inches and weighed two pounds.

Mrs. Barker has caught eight picked the past week in Lower Stone pond, and one salmon.

Alton Tyler of Bethel was in this place, Wednesday. Merton McAllister went to Norway, Friday and returned Saturday.

It is understood that the State Highway Commission will expend \$7,000 on the Trunk Line highway from Rumford to Bethel, for the purpose of "draining and surfacing. Rumford, Hanover, Newry and Bethel have, during the past few years, spent many thousands of dollars building one of the best automobile roads in the State. This has now been taken over by the State Highway Commission and will be thoroughly maintained and improved by them.

STATES OF MAINE.
May 29, 1914.

Taken this twenty-ninth day of May on execution dated May 26th, A. D. 1914, issued on a judgment rendered by the Supreme Judicial Court of Oxford, at a term thereof begun and held on the second Tuesday of May, 1914, in and for the County of Oxford, in the case of A. Fox of Porter against Mabel H. Stanley, Plaintiff, versus Mabel H. Stanley, Defendant. The interest that was manifested by the farmers, leaving their work, which is so rushing at this season, shows that the work which is being done by the extension department of the University of Maine is appreciated by them.

Paint Put-on.

Think of paint put-on and not by the
gallon.

A gallon of paint in the can is of no
account to anybody. Put it on. Now
reckon its cost and value.

The secret is: one paint goes twice as
far as another. A good one goes twice
as far as a bad one.

You have a job, say an average job
it'll take 10 gallons of paint and 12 or 15
or 18 or 20 of middling poor very-poor
and trash. You know painter's wages in
your town. Put the price of a gallon
of paint and the painter's day-wage to-
gether. You can't.

Devote costs less than any inferior
paint; there are hundreds of them.
One paint is as good as another, so
long as it lasts good; one lasts months
and another years; and the one that
goes furthest lasts longest.

This Kidney Remedy
A Great Pealer

For a number of years I was troubled
with my kidneys, condition so serious
that work of the time I was unable to
part. Tried several remedies, also
different physicians without relief. A
sample of Dr. Kilmer's Swamp-Root was
left at my house. I commenced to take
it and continued it until I had taken
several bottles and am now cured. Am
sixty-two years of age and able to work
every day. I attribute my cure to the
use of your Swamp-Root.

My wife was also cured by Dr. Kil-
mer's Swamp-Root. Symptoms were very
serious, including hemorrhages, great
pain and distress. I commenced giving
her Swamp-Root and it was just as heal-
ing in her case. We can heartily recom-
mend your Swamp-Root to all kidney
sufferers.

Very truly yours,
H. C. GRIFFITH,

times and places in which and the circum-
stances under which inland fish may be
taken in the waters of the outlet stream of
Lake Penesseewassee, in the town of Nor-
way, County of Oxford, near Crockett's
bridge, so-called, on said stream.

For a period of four years from June 20th,
A. D. 1914, it shall be unlawful for any per-
son to fish for, catch or kill any kind of
fish, at any time, in that part of the outlet
stream of Lake Penesseewassee, between a
line drawn from the northerly point of the
outlet stream, on the easterly side of said
stream, ABOVE CROCKETT'S BRIDGE, SO-CAL-
LED, ON SAID STREAM, to the northerly
point of the island on the westerly side of
said stream, BELOW SAID BRIDGE, and a
line drawn from the point of land now
occupied by Eddie Pennequin on the easterly
side of said stream, BELOW SAID BRIDGE,
to the southerly point of the outlet stream,
on the westerly side of said stream, BELOW SAID
BRIDGE, said lines being 200 feet, more
or less, above and below, respectively, said
Crockett's bridge.

It shall also be unlawful for any person to
have in possession any kind of fish taken in
violation of these regulations.

Dated this 5th day of June, A. D. 1914.

60th Wedding Anniversary.

Attended by a score or more of their
immediate relatives and friends, Mr. and
Mrs. Levi F. Harmon, pleasantly
observed the 60th anniversary of their
wedding, Wednesday evening, in their
home at 6 Lincoln street. Mr. and Mrs.
Harmon have been residents of Lynn for
the past six years. They are the oldest
members of four generations in the Har-
mon family.

Both Mr. and Mrs. Harmon are na-
tives of the Pine Tree State. They were
married June 3, 1854, and as life part-
ners they have lived happily together.
Mrs. Harmon, whose maiden name was
Lydia Haskell, was born in Otisfield, on
November 3, 1833, the daughter of Sim-
eon and Polly S. Haskell. Her hus-
band was born in Harrison, December 10,
1851, the son of Walter P. and Hannah
Harmon.

They have known each other practi-
cally all of their lives. For 30 years, Mr.
Harmon was connected with the Eastern
Wire Co. of Harrison, and 20 years with
the Burnham & Morrill Lumber Co.

Present for the occasion were their
four daughters, Frances and Augusta
Harmon, of Lynn, and Mrs. Ada Howard
of Woburn, and Mrs. Jennie Needham of
Mechanic Falls. The remainder of the
party were mostly members of the third
and fourth generations.

The evening was spent in a social man-
ner, entertainment being furnished by
several of the party with piano and vocal
selections. Mr. and Mrs. Harmon re-
ceived their friends in the parlor of their
home, and they were the recipients of
many souvenir post cards and floral trib-
utes. A large wedding cake received
from Mrs. Ray Needham, of Mechanic
Falls, was among the gifts and this bore
60 candles, representing each year of
their wedded life. As these cakes were
lighted for the reception a poem for the
occasion by Leon A. Wardwell of Bath
was read by Mrs. Jennie Needham. Re-
freshments were served during the even-
ing. Mr. Harmon is 82, and Mrs. Har-
mon, 80 years of age.

Sixty years ago today the State of Maine,
Two hearts were joined as one,
And as one they still remain.
Maine is noted for fair daughters,
Just as proud of sturdy sons,
Is it wonder that she leads the nation,
When such hearts are joined as one?
All New England is indebted
To this staunch and sturdy stock,
For the land at Plymouth Rock.
Sixty years ago, our dear ones,
Whom we honor and adore,
Snatched a home out of the forest,
Near Long Lake, upon the shore,
Here they labored long and faithful,
With their trust in God on high,
With the motto, "Ever onward,
Never fear to do or die."

To this home there came four daughters,
All of whom are gathered here,
To honor and to cherish
This anniversary year.
Sixty years of married life,
Full of care, but free from strife,
Our lot may oft seem hard to man,
But it's part of the Great Creator's plan.
Nothing useless is or low,
Each thing in its place, best,
And what seems but idle show,
Strengthens and supports the rest.
Science has kept its pace,
And other homes were built high,
Making a beautiful village place.
Within these sixty years,
Invention has followed invention,
The automobile, the motor car,
And others beyond our mention.
As the children grew to age,
They went out, if you please,
From this home to other homes,
On new and untried seas.
Our dear ones still kept bravely on,
With mind and heart and soul,
Looking upward, pressing onward,
Toward the final goal.
Oh, how blessed this occasion,
In honor of everlasting joy,
Without a thought of sorrow,
And when the Father calls us home,
Where care shall be no more,
May these two hearts still beat as one,
Beyond the Golden shore.

RUMFORD.
Mrs. T. L. Barker and two children
have visited her sister, Mrs. C. Warren
Barker, who lives in North Leeds.

Lena Farnum of Livermore Falls has
visited her parents in town.

Mrs. W. H. Tainter of Wayne has
visited friends in town.

Mr. and Mrs. Walter Rolfe and child
from New York are to spend the summer
in town.

Walter Wyman of North Abington,
Mass., has been visiting his sister, Mrs.
Harris Elliott.

Col. George D. Bisbee and son Stanley
were at their cottage at Mooselucum-
guntic.

T. L. Barker was in Lewiston recently,
the guest of his parents, Mr. and Mrs.
Charles V. Barker.

Mrs. W. R. Henry has been visiting
Mrs. Asa Ellingswood in Helton.

The Ladies' Bible class of the Meth-
odist church enjoyed a picnic Saturday
at F. E. Bartlett's farm in Rumford
Center.

Orchard Meeting.
The orchard meeting held by the Uni-
versity of Maine under G. A. Yeaton's
direction on May 25th, at McAllister, Canton
Point, was one of the most successful in
point of interest which has been held in
Oxford Co. this season.

There were 84 present and from the
questions which were brought out and
thoroughly discussed, showed that the
orchardists of the county are alive to the
possibilities, and are making rapid
strides in developing the modern meth-
ods of caring for their trees by more
judicious pruning, spraying and fer-
tilizing.

The subject of buying all of the farm
supplies cooperatively was taken up,
but on account of the lack of time was
not thoroughly discussed; but a hint of
the saving which might be had was
shown by signing a few instances.

The interest that was manifested by
the farmers, leaving their work, which
is so rushing at this season, shows that
the work which is being done by the
extension department of the University
of Maine is appreciated by them.

SOUTH OTISFIELD.
Irving Fickett and A. S. Ames went to
Quarterly meeting, Sunday.

Howard Ames is working for George
Jillson.

Mr. Schatzel, wife and son, have re-
turned to their home, K. Y. Wasson.
Mrs. Ernest Winslow has been taken
to the C. M. G. hospital. Friday she
was operated upon for appendicitis.

EAST STONEHAM.

A Pleasant Fishing Trip.
Thursday, a party of eight went by
auto to Newry and Grafton on a fishing
trip and picnic. They found plenty of
fish and had a very pleasant ride. The
country was beautiful, the roads fine,
and the people kind. They went to Cam-
bridge river and Cedar river. The party
included Mr. and Mrs. Frank McAllister,
Mr. and Mrs. F. H. Bartlett, Mr. and
Mrs. W. D. McAllister, Mr. and Mrs. Ray-
mond McAllister.

Sophia McAllister is visiting her
daughter, Mrs. S. W. Johnson.

Victor Mason of Auburn and son Har-
old have been guests at Frank McAl-
lister's the past week.

Mabel Barker caught a salmon trout
that measured 18 inches and weighed two
pounds.

Mrs. Barker has caught eight pickerel
the past week in Lower Stone pond, and
one salmon.

Alonso Tyler of Bethel was in this
place, Wednesday.

Merton McAllister went to Norway,
Friday and returned Saturday.

It is understood that the State High-
way Commission will expend \$7,000 on
the Trunk Line highway from Rumford
to Bethel, for the purpose of "draining
and surfacing. Rumford, Hanover,
Newry and Bethel have, during the past
few years, spent many thousands of dol-
lars building one of the best automo-
bile roads in the State. This has now
been taken over by the State Highway
Commission and will be thoroughly
maintained and improved by them.

Alice M. Hamlin of Portland, whose Maine College of Expression, established in that city last year, is enjoying encouraging prosperity, is taking her summer vacation at her parental home here.

Mrs. W. W. Watson arrived home on Monday after two weeks' absence from Portland and Haverhill.

A heavy thunder shower occurred on Monday afternoon lasting several hours.

Josiah Monroe, wife and daughter of Philadelphia and Mrs. Sarah Plummer, widow of Cyrus Plummer, a sister of Mr. Monroe, now residing in New York state near Lake Champlain, are temporary guests of the Lake House.

A beautiful rainbow, spanning the whole eastern sky accompanied by a bright secondary bow and other minor reflections, attended the close of Monday's shower.

Bear Mountain Grange celebrated its eleventh contest of the prize series for the year on June 13, under the direction of Secretary Charles S. Hamlin, to whom the large audience present, was indebted for a very interesting and instructive lecture by Mrs. Kate Ellis of Fairfield, illustrated by numerous fine stereograph pictures showing the poverty and unsanitary homes of many children in the cities, and the many causes of disease from insects in summer time.

Mrs. Ellis is widely known in the order of P. of H., and as a representative of the State Board of Health. The lecture in fact was a discussion of the subject of Hygiene in its relation to the public health. The program of the evening preceding the lecture was as follows:

Fryeburg.

Fryeburg Academy.

The graduation exercises of the class of 1914 at Fryeburg Academy were held at 2 o'clock Tuesday afternoon. The floral decorations were beautiful in their arrangement and consisted of ferns and golden buttercups. The class numbered 25 young ladies and gentlemen and four members of the class will enter college. The class motto was "Carpe diem," and the class colors were garnet and silver.

Especially well spoken and written and the music for the exercises was furnished by Dunham's orchestra of Bridgton.

At the close of the exercises the members of the class, their friends and the audience were all invited to the junior reception at the Academy hall. The program was as follows:

Fryeburg Academy.

The baccalaureate services at Fryeburg Academy were held in the Congregational church, Sunday evening. There was a very large attendance. The floral decorations consisted of a mound of ferns and sprays of white locust blossoms which was placed in front of the pulpit. Rev. Wilmot B. Mitchell of Bowdoin College delivered a fine baccalaureate address and it was the third time in succession that he had spoken words of inspiration and hope to the graduating class of this well known school. The words of his text were a part of the eleventh chapter of the Epistle to the Hebrews: "For he endured as seeing Him who is invisible."

Isabel Andrews from Lovell spent a few days with Mrs. Joseph Johnson during graduation.

Mrs. Woodside was ill last week and went to Memorial hospital.

C. T. Ladd has rented both of his camps at Lovell's pond. Howard H. Dila is learning the undertaking business in Winthrop, Mass., spent a few days in town last week.

Alice, daughter of Ami Whitney, spent the week-end in town.

Mrs. Frank Thomas received word Friday that her brother, who lives in Lowell, Mass., had been stricken with paralysis. He was born in Denmark.

Several attended the G. A. R. Convention in Lewiston this week. M. M. Smart, W. R. Barbox and wife, Mrs. B. T. Newman, and Mrs. Phoebe Hatch being among the number.

Hon. W. W. Towle was in town over Sunday and his many friends were pleased to see him.

WEST PARIS.

Rev. and Mrs. D. A. Ball attended the commencement exercises at Goddard Seminary, Barre, Vt., last week. Mr. Ball gave the alumni address to that society, being a former graduate, therefore one of them.

Mr. and Mrs. L. M. Mann are spending a week at their house at Bryant Pond.

The friends of Miss Goddard gave a surprise and farewell party last week, Wednesday evening, at Mrs. H. S. Mann's. There was a large company present. They presented her with a nice box of chocolates. Refreshments were served. The little children loved her as their teacher and are sorry not to see her again for the fall term.

Mrs. Eliza Marshall, who lives with her son, Albie E. Marshall, had two accidents recently from which she is suffering a good deal. The first was a burn caused by spilling hot water on her foot, which had to be dressed several times by a physician, and last Monday, she tripped on a rug in her room and fell and broke a bone in her right arm which she put out to save herself and broke a bone near the wrist and dislocated the thumb. She has been remarkably well and active for one of her years and will partial disuse of her limbs is a great disappointment to her.

A cow belonging to Edwin Jackson fell into a well in his pasture containing about eight feet of water and remained there the greater part of the day before being discovered. She was rescued but so badly chilled that she was unable to stand for some time. She will probably recover.

Mrs. Jennie Brown Dunham of Lynn, Mass., is visiting her parents, Mr. and Mrs. H. A. Brown.

Miss Dana of Westbrook is visiting her aunt Mary and uncle Luther Dana. Lila M. Cole accompanied Rev. L. W. Raymond to Orono, Park Monday to remain for the summer doing table work in a boarding cottage.

The High School scholars and teacher, Miss Roberts, took a hay-rack ride, Tuesday evening. Miss Roberts treated them on fresh baked peanuts. School closes this week and they are going to have their back again this fall. The work has gone on in good shape this term under the management of an experienced teacher.

Children's day at the Universalist church next Sunday.

The Methodists held an out of door prayer meeting at Harry Johnson's last week Wednesday.

Mrs. Ola Swan Dunham of Portland is visiting her mother, Mrs. Eliza Emery.

Mrs. Juliette F. Curtis received 65 post cards and a box of pansies on her birthday last week Friday, which was a great surprise and was very much pleased with them.

Mrs. Hannah Foss has gone to Bryant's Pond to visit Mrs. Lucella F. Sessions for a few weeks.

Mr. and Mrs. Charles Hammond of Trap Corner visited his uncle and aunt, Mr. and Mrs. B. F. Dunham over Sunday.

Plans for the 4th of July are progressing finely.

Children's day at the Grange last Saturday was well attended and a good program presented. There were instrumental pieces of music, a duet by Misses Stearns and Peabody, piano solos by Hazel Hammond and Doris Field, vocal music as follows: Duet by Mary Stearns and Edith Stevens; a character duet by Olga McKean and Carl Briggs. Olga is a little Finnish girl who is exceptionally bright and has a very sweet little voice, and she represented a milk maid with a pail while Carl doffed his cap to her and sweetly sang the questions and she the answers in dramatic style. It was very pretty. Four little girls from the middle grades sang "Mammy's Little Boy," and a class in the primary grades of about fifteen sang another song. About fifteen single recitations were given, all of them were fine. Then while Mrs. D. A. Grover played a march they all marched to the dining room where they were treated to ice cream and cake.

The Grammar school graduation exercises were held at the Universalist church last Friday evening. The graduates were Earle Bacon, Louis Briggs, Herbert Gardner, Edith Stevens, Gladys Trask, Howard Emery, Ralph McAllister and Herbert Hall, eight in all, and the program was as follows:

Prayer.....Rev. O. H. Young

Rain is needed very much in this vic-
inity before the shower Monday. The
grass on the dry farms is very thin. The
grub-worms are working badly in gar-
dens and on many pieces of corn. Apples
are falling off badly, yet, we are promis-
ed seed time and harvest. (But what
shall the harvest be?)
Mrs. Guy Lewis Tower surprised her
husband, friends and neighbors one day
last week when she bought and received
a new Ford auto at her home. Her hus-
band, after looking the machine over and re-
ceiving instructions for an hour or two,
drove the machine to South Paris and
back without accident. They are very
much pleased with their bargain. We all
hope they will enjoy it as they are two
very smart young people.

Weather Rules for Horses.

1. Load lightly, and drive slowly.
2. Stop in the shade if possible.
3. Water your horse as often as possible. So long as a horse is working, water in moderate quantities will not hurt him. But let him drink only a few swallows if he is going to stand still. Do not fail to water him at night after he has eaten his hay.
4. When he comes in after work, sponge off the harness mark and sweat, his eyes, his nose, his mouth, and the dock. Wash his feet but not his legs.
5. If the thermometer is 75 degrees or higher, wipe him all over with a wet sponge. Use vinegar water if possible. Do not turn the hose on him.
6. Saturday night, give a bran mash, cold; and add a tablespoonful of saltpetre.
7. Do not wash a horse's hat, unless it is a canopy-top hat. The ordinary bell-shaped hat does not carry that good.
8. A sponge on top to the supports which carry it is good if kept wet. If dry it is worse than nothing.
9. If the horse is overcome by heat, get him into the shade, remove harness and bridle, wash out his mouth, sponge him all over, shower his legs, and give him four ounces of aromatic spirits of ammonia, or two ounces of sweet spirits of nitre, in a pint of water; or give him a pint of coffee warm. Cool his head at once, using cold water; or, if necessary, chopped ice, wrapped in a cloth.
10. If the horse is chafed, try the calendars give the paper its gloss or polish. It next leaves the cutters in sheets and after being trimmed, girls sort and count it. The finishing room contains three calendars, two cutters and one trimmer. This room is well lighted either by day or night, the temperature is perfectly comfortable and it is immaculately clean.
11. Watch your horse. If he stops sweating suddenly, or if he breathes short and quick, or if his ears droop, or if he stands with his legs braced sideways, he is in danger of a heat or sun stroke and needs attention at once.
12. If it is so hot that the horse sweats in the stable at night, tie him outside. Unless he cools off during the night, he cannot well stand the next day's heat.

FRYEBURG.

Edwin Rogers has taken the upstairs rent at Charles Smith's. J. J. Southern of Porto Rico has been at Elmbank Farm, the guest of his parents, Mr. and Mrs. J. K. Southern. Hon. A. A. Perry is making improvements on his lot between Lauren Brown's and B. T. Newman's. He has set out fruit trees and shrubs, is building a new fence and laid out a large garden. He has also dug a well 25 feet deep.

Herbert Trubet of Brooklyn, N. Y., has developed a fine tenor voice. We note his name on a Broadway concert program in two solo numbers, also in a quartet.

Carl Snow has gone to York Harbor for the summer. George Will Batton presented the oration at the Ivy exercises, class '15, Bowdoin College, subject, William Pitt. William Towle Livingston, as an angel of the class, was presented with a halo.

Mrs. Charles E. Lord of North Gosham is spending a few weeks in Fryeburg, where she is the guest of her brother, Ira J. Warriner. Mrs. William B. Bradley and her daughter, Annie Cary Bradley, are spending two weeks at Cold River, North Gosham, N. H. They are the guests of Mr. and Mrs. Charles Chandler. Miss Bradley, who is interested in the study of art, intends to take sketches of the beautiful mountain scenery of that region.

The Church of the New Jerusalem celebrated the 37th anniversary of its foundation on Sunday, June 7th. The pastor, Rev. B. N. Stone, preached an appropriate discourse upon "The Essential Doctrines of the New Church. The Ten Domains, the chants, hymns and responses were sung by the choir with Archie Hurd of North Fryeburg as organist. The floral decorations were beautiful. They were of green and white with a hedge of pansies in front of the pulpit.

A delegation from the Congregational church of Fryeburg attended the Union Congregational Conference, which was held with the church in Otisfield on Wednesday and Thursday, June 10th and 11th.

HARRISON.

An Honorable Career. George H. Buck, son of Mrs. Ruth E. Buck, who went West forty years ago, is in California. For thirty-five years he has been judge in a California court. The following is taken from a Chicago paper:

Thirty-five years constantly in office is a long and remarkable record. Great changes have taken place in that period; men have arisen to the pinnacle of might and have vanished into the abyss of oblivion. Life itself is uncertain, but honor and fame are far more transitory. Few men in California have been so entrenched in public confidence and favor as to have conferred upon them a trust that lasted uninterrupted so many years.

This is the stewardship of George H. Buck, and it is one rare exception in public life. No man could have remained in office for so long a period if he lacked a single qualification in the administration of his duties. No other influence could have elected him time after time except that best of all influence—public confidence and esteem. Since Judge Buck first sought public office when a young man, looking forward to the life with all its hopes and ambitions, his course has been one of strict adherence to duty. And now looking back on his career he must realize with his hosts of strong friends and supporters that his work has been well done. Time has not dimmed his faculties, nor taken from him that soundness of judgment and keenness that marked his earlier years.

Throughout California, no judge is held in higher esteem than Judge Buck. His administration of justice is always accompanied by dignity, yet he is considerate and kind and thoughtful, and merciful where mercy is merited.

Thirty-five years in office and a quarter of a century on the bench of San Mateo county is a record to be proud of. To-day Judge Buck's friends are rallying about his standard, determined that the coming campaign will show in a sweeping victory that he still holds the undivided confidence of the people of the county.

Increased service on the Boston and Portland Line, Eastern Steamship Corporation—Sunday trips between Portland and Boston in each direction will begin Sunday, June 14th. Steamers will leave Portland at 9:00 p. m., (not 7:00 p. m., as on week days). The steamer from Boston to Portland will leave at 7:00 p. m., on Sundays and week days.

Maine Coated Paper Company.

Description of the Model Plant Recently Completed at Rumford and now in Successful Operation.

Rumford, the center of the paper industry in the Maine Coated Paper Company now being in successful operation.

The paper of varying weights is furnished by the Oxford Paper Company whose mills are located nearby. Although the mills are but a short distance apart yet the paper is placed in cars and taken by the railroad to the coating mill. To coat paper, simply a clay mixture held by an adhesive is placed on the paper and then the paper is polished. The coating is composed principally of clay, case-in and some coloring matter.

There are six coating machines, two of each size, 66 and 54 inches. The paper passes from the roll through the coating mixture which is slightly warm. It then passes through the rollers which carry it in festoons about 12 feet deep. It passes on these supports the length of the coating room and returns to a reel placed beside the roll where it first started on its journey. A Sturtevant heater keeps the temperature in this room about 90 degrees and as the paper passes along it is dried. The drying is done overhead and the exhaust drawn out under the floors so that the heat is never unendurable.

The paper is taken from the coating room to the calendars on trucks. The calendars give the paper its gloss or polish. It next leaves the cutters in sheets and after being trimmed, girls sort and count it. The finishing room contains three calendars, two cutters and one trimmer. This room is well lighted either by day or night, the temperature is perfectly comfortable and it is immaculately clean.

In the basement a gravity filtration plant filters all the water used for any purpose about the mill from the dam above the Oxford mill to a basin with a capacity of 24,000 gallons. Chemical tanks are placed on the floor above and the chemicals are fed into the water as desired. The water flows by gravity from this basin into three concrete gravity filters from which it passes to a clear water basin located just under the floor. A double suction pump forces the water to all parts of the mill.

A box shop is located in the basement where all the cases are made. There is also a drying room for all the lumber used for the cases or for any purpose about the mill and a large storage room for all materials used in the coating preparation. There is no fire room, boiler house or coal pile as electricity is used for all power. Several motors furnish for different machines in each of the rooms. The electric power is furnished by the Rumford Falls Power Company.

The construction of the building is absolutely fire proof as anything can be. A complete system of automatic sprinklers was installed and elevators and all machinery have been safeguarded as completely as possible. All rooms are well lighted from the side and overhead. No supports or posts, no heating or lighting apparatus obstructs the floor.

There are about 60 employees, including 12 girls. Three coating machines are running at present, producing about three tons of paper. Later with six machines running day and night 25 tons of paper per day will be produced.

Harry S. Coke, the president and manager of the Maine Coated Paper Company, is a graduate of a Western college, coming to Rumford from Otsego, N. Y., where he was manager of the Otsego Coated Paper Company. Mr. Coke has had the entire supervision of the construction of this mill, the selection of the machinery and its installation. The superintendent is Walter C. Cheny, formerly superintendent of a coating mill at Lawrence, Mass.

GILEAD.

Lucia Peabody has a new Ford auto. B. C. Burbank of Bethel has been in town, calling on relatives.

Milan R. Bennett and family and his mother of Norway recently called on friends here. They came by auto. Philip, son of Mr. and Mrs. A. D. Wight, was a member of the class that recently graduated from Gould's Academy. Mr. Wight and family and W. C. Newell and family attended the graduation exercises.

The teachers and pupils of the village school gave an entertainment at the town hall on Saturday evening. The proceeds were for the benefit of the school. Ice cream and cake were served.

Henry Elliott of North Waterford is at work for W. E. Canwell.

To Destroy the Tent Catapillar

And the Brown Tail

A very and inexpensive treatment will destroy the tent worm.

A few drops of gasoline applied to the nest, or a few drops of kerosene and creosote to a pint of kerosene. The man who made this discovery says:—

"It can be applied very easily. I have a long nosed oil can attached to a long pole, and merely reach up and pour a few drops of the mixture on the nest and the work is done. To make it perfectly sure I tear the web or tent with the nose of the oil can before applying the oil."

"The beauty of this treatment is that it absolutely will not harm any fruit tree. The worms absorb the oil like a sponge and merely curl up and die."

"I found that one application is quite sufficient but I have kept a close watch on my trees in case I might have missed a nest on the first trip."

"Do it right now, though it is best when the worms are just hatched and have retreated to their tents and as yet not done the trees any damage."

"By affixing the oil-can to a long pole one can reach practically every nest in a tree as the tent worm seldom builds higher than one can reach with an ordinary long pole."

"This treatment is also excellent for killing brown tail moths. I have found that on cold, raw and windy days the brown tails do not feed, but bunch up on the limbs of the trees in huge balls not unlike bees when preparing to hive."

"Last year I found them several times and applied the mixture and hundreds upon hundreds were killed by it in this manner."

"I find this treatment will prove the salvation of our fruit trees and if anyone can profit by my experiments I shall be glad of the service I have rendered."

"I have tried all the other devices known, and have found none of them effective except for a brief period. The spraying of the trees is quite ineffectual unless one keeps at it continually. A tree may be sprayed today and the nests apparently destroyed, but within a day or two one will find new worms hatched and doing business."

"This treatment the discoverer has absolutely proven will entirely eliminate the pests. But little attention is necessary to the hatching nests although it is considered advisable to give these an application of the oil whenever found and thus make perfectly sure that no more worms will hatch from the nest."

"It has a very great advantage over the spraying method as it has been absolutely proven it is impossible to rid the trees of an orchard of the pest by spraying unless one keeps continually at the spraying."

"The newly discovered treatment one hour a day for a period of a week will absolutely rid any ordinary sized orchard of the worms, and administered at this time of the year practically one treatment is sufficient for the season, as the worms are killed and further propagation is impossible."

"The burning of the nests which has been generally accepted as the most effective is little better than the spraying. The tent-worm builds his nest in such a manner that the flames from a torch are very liable to miss the web and do more harm to the limbs of the tree by burning than good is accomplished."

The Use of the Street.

"1. Teach your children what the streets are for. The streets are for travel and traffic, by cars, automobiles, trucks and wagons; that they are not playgrounds for children."

"2. Teach your children how to use the streets: To look both ways before crossing; then to cross quickly and without fear. Not to get frightened at approaching vehicles and try to run back or dodge between them. Fear is often fatal; assurance comes from care."

"Your child can feel just as safe crossing the streets as anywhere else if he will only keep looking."

"3. To use when possible, the regular street crossings. To be careful, when crossing behind a car or team to look out for vehicles approaching on the other side from the opposite direction."

"4. Teach your children how to use the street cars: To wait always until the car stops before getting on or off. Half-minutes' patience may save waiting for a life time. 'Better be safe than sorry!' To keep heads, arms and legs inside the car. To leave the car face forward and to look both ways before crossing the curb."

"5. Teach yourselves to be careful. Keep constantly in mind the lessons that you teach the children."

"The community needs you; the children need you. Be careful! You and your children are the strongest allies that the 'Safety first' movement has."

COUGHS AND COLDS: WEAKEN THE SYSTEM.

Continued Coughs, Colds and Bronchial troubles are depressing and weaken the system. Loss of weight and appetite generally follow. Get a 50c. bottle of Dr. King's New Discovery to-day. It will stop your cough. The first dose helps. The best medicines for Stubborn Coughs, Colds and all Throat and Lung Troubles. Mr. O. B. Brown, Muscatine, Ala., writes: "My wife was sick during the hot summer months and I honestly believe Dr. King's New Discovery saved her life." Good for children. 50c and \$1.00 at your Druggist. 23-26

HIRAM.

Hon. Charles Rankine was seized with a sudden and dangerous illness. By the advice of his physician he was taken to the Main General hospital at Portland and in three hours after he left home a message was received that he had been relieved, but a surgical operation will be necessary for his full recovery.

Benjamin H. Goodwin is enlarging his barn.

Mrs. Arvilla Spring has been visiting her grandchildren, Eleanor and Brewster Page, of Fryeburg.

Fred Mansfield has recovered from pneumonia. N. B. Flint is ill with paralysis. Reuben S. Moulton is ill with Bright's disease. Lemuel Cotton and Thompson R. Cotton are on the sick list.

Our Centennial committee, Gardner H. Rankine, J. Everett Stuart and Charles R. Bean, attended the Westbrook Centennial for ideas to use in our coming Centennial on August 12th.

Elisha Wentworth has bought a spraying pump with a 45 gallon barrel for protection of his 900 fruit trees.

HEALTH PAST FIFTY

Careful diet is of utmost importance to men and women past fifty years of age; it keeps up their strength, and the oil-food in Scott's Emulsion is a nourishing food, a curative medicine and a sustaining tonic to regulate the functions.

It contains the medicinal fats of pure cod liver oil and science proves that they furnish twice as much energy as other foods—then too, it creates pure blood, sharpens the appetite, relieves rheumatism, strengthens the body and alleviates the ailments due to declining years.

Scott's is free from wines, alcohol or harmful drugs. Beware of substitutes.

NECESSITIES OF LIFE.

The right medicine at the right time, is as much a necessity as food, shelter or clothes. Perhaps more so.

In its 60 years of relieving stomach troubles, remedying constipation and biliousness, and restoring strength and appetite, "L. F." Atwood's Medicine has become practically a necessity of New England life.

Mrs. Whitcomb's letter simply confirms what thousands of other folks already know:

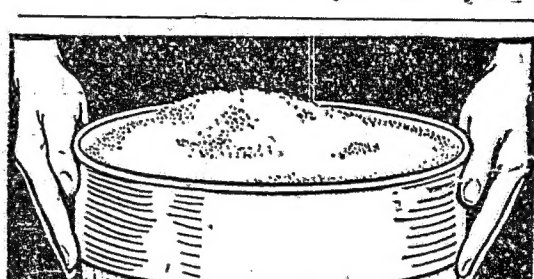

"Have used your 'L. F.' Atwood's Medicine for more than 20 years. We consider it nearly as necessary as our food."

(Signed) Mrs. C. H. Whitcomb.

HARRISON.
A June Wedding.
A very pretty wedding took place, Thursday, the eleventh, at the parsonage of the Rev. R. B. Patterson, in Waltham, Mass., when Everett Brackett, the young job master in the Waltham watch factory, was united in marriage to Florence Ross, also an employee of the watch factory.
The bride was beautifully gowned in light blue satin and carried a bouquet of carnation pinks, that had been presented to her by her shop mates. The groom wore a dress suit of blue serge, and a very happy smile.
The young couple received many beautiful gifts, especially of silver. They left Boston on the evening boat, enroute for Harrison, where they will spend the summer with the groom's parents, Mr. and Mrs. Chas. Brackett.
